

# Junior Fun Day 2024

Following the success of last year's Junior Fun Day, we are very pleased to announce that we will be holding another on the 6<sup>th</sup> May this year at the Firemans Pool.

We continue to recognise that junior anglers are important for the future of angling, and we recognise that we are extremely lucky to have such a healthy number of juniors members in our great club.

Juniors can be the Club's future and so we feel that going forward we should try to engage with them. We will be introducing a junior academy going forward to help bring on their angling interests with how to events, junior matches, and coaching events etc. The first will be announced soon so look out for the email with dates and details etc.
